

WHITE MOUNTAIN CLINIC

## CONSENT FOR TREATMENT

Patient's Name: \_\_\_\_\_  
*First Middle Last*

Signature: \_\_\_\_\_  
*Responsible party signs if patient is a minor*

Date: \_\_\_\_\_

### This is to acknowledge that I have been informed of the following:

- ☞ White Mountain Clinic is a Naturopathic and Classical Chinese health care clinic and medicinary.
- ☞ The primary treatment modalities at White Mountain Clinic are acupuncture, herbal medicine, moxibustion, homeopathy, dietary counseling and nutritional supplements.
- ☞ Naturopathic medicine is a unique system of complementary, primary care medicine. Diagnostic and therapeutic modalities may differ from conventional medical and osteopathic approaches.
- ☞ In the District of Columbia and the State of Virginia, naturopathic physicians may not prescribe pharmaceutical medications, nor perform minor surgery.
- ☞ Dr. David is a trained naturopathic physician and Chinese medicine practitioner, graduate of a six year, accredited naturopathic medical school. She is not a medical or osteopathic doctor, MD or DO.
- ☞ Dr. David may at times supervise resident physicians and student interns at the clinic. Patients will be advised prior to their appointment and may choose whether or not to have the resident or intern as part of their health care team for the appointment.
- ☞ White Mountain Clinic will do its best to keep patients updated regarding the current state of regulations specific to naturopathic medicine and acupuncture and their effect on patients. White Mountain Clinic recognizes that the practice of complementary and alternative medicine is a dynamic field of health care and that there is likely to be much positive change in city and federal regulations during the coming years.
- ☞ In case of emergency and if unable to contact the staff physician, patients are instructed to call 911, proceed to the nearest emergency room, or contact a primary care practitioner with whom a relationship has been previously established.
